

Project Manager

Location: Lincoln, United Kingdom

You must be a UK national due to the nature of the tasking to allow for Government security vetting (UKSV) if not already obtained.

Are you an experienced Project Manager with a passion for delivering quality? An exciting opportunity has arisen to work as part of our PMO. You will help deliver our products and contribute to our projects that play a critical role in ensuring national security and strategic advancements.

This role is ideal for an individual who is passionate about Agile methodologies, eager to learn, and excited to contribute to the success of our varied and interesting projects.

As a UK-based organisation, we are committed to innovation and delivering cutting-edge solutions to our clients.

There will also be the opportunity for career advancement within the Agile team.

Responsibilities:

- Plan, execute, and finalise projects according to strict deadlines and within budget.
- Define project scope, goals, and deliverables that support business objectives.
- Develop and maintain project plans, including schedules and resource allocation.
- Coordinate with cross-functional teams to ensure project success.
- Identify and manage project risks and issues.
- Monitor project progress and communicate updates to stakeholders.
- Conduct regular project meetings to track progress and resolve any issues.
- Ensure adherence to project management best practices and methodologies.

Essential Skills/Experience:

- Proven experience as a Project Manager or similar role.
- Strong knowledge of Agile methodologies, processes, and artefacts.
- Proficiency in project management software (e.g. Smartsheet & Jira).
- Excellent communication and interpersonal skills to effectively collaborate with stakeholders at all levels.
- Ability to prioritise task whilst maintaining attention to detail.
- Exceptional time management skills to prioritize tasks and meet deadlines.

Desirable:

- Bachelor's degree in a relevant field or equivalent practical experience.
- An awareness of the Defence sector.
- Basic understanding of software development.

If you are a highly organised individual with a proven track record in successfully managing projects from start to finish, we want to hear from you!

We offer competitive compensation packages, excellent career growth opportunities, and a collaborative working environment where your skills and expertise will be valued.

To apply, please submit your CV to careers@srcuk.com

Only shortlisted candidates will be contacted for further evaluation.
